

Make It Easy on Yourself

Connie Francis

If you really love her
And there's nothing I can do
Don't try to spare my feelings
Just tell me that we're through!

And make it easy on yourself
Baby, make it easy on yourself
'Cause breaking up is so very hard to do!

If the way I hold you
Can't compare to her caress
No words of consolation
Will make me miss you less!

My darling, if this is goodbye
I just know I'm gonna cry
So run to her
Before you start crying too!

Make it easy on yourself
Oh, baby make it easy on yourself
'Cause breaking up is so very hard to do
