

My heart cries for you

Connie Francis

My darling
My heart cries for you
Sighs for you, just dies for you
My arms long for you
Please come back to me
An unimportant quarrel
Is what we had
We have to learn to live with the good and bad
To throw away our lifetime is all too sad
This loneliness is driving me mad
My heart cries for you
Sighs for you, just dies for you
My arms long for you
Please come back to me
Forgetting you is one thing
I just can't just do
The memories keep coming
The whole night through
I'm not too proud to tell you I still love you
I'm hoping that you feel that way
My heart cries for you
Sighs for you, dies for you
My arms long for you
Please come back to me
Please come back, come back, come back to me
