Time Alone Will Tell: Non Pensare A Me

Connie Francis

La la la la

Time alone will
My love for you will never end
Although I know that you must go

Fate that let us meet
Was indiscreet to let me
Fall in love with you

Time may change the world
But I could never change
The world we used to know
I love you so

Time alone will tell
For no one else could
Be as wonderful as you

I'll go on, so lonely now
But losers must go on somehow

Time alone will tell
You'll always be my
One and only love

La la la la

La vita continuerÂ
Il mondo non si fermer

Time alone will tell
You'll always be my
One and only love

You'll always be my
One and only love
You'll always be my
One and only love
