

House Where Love Shines

Connie Smith

I've looked high and I've looked low
And I've been asking everyone I know
Cause there won't be any happiness for me
Until I find the house where love shines

I've walked up and I've walked down
Every lonely street in this old town
Cause there won't be any happiness for me
Until I find the house where love shines

Sometimes a feeling whispers don't you take another step
This time you finally found the house where true love lives
But every time I've stopped and knocked upon the door
They say that love don't live there anymore

I've been right and I've been wrong
But right or wrong this time I'm hanging on
Cause there won't be any happiness for me
Until I find the house where love shines

But right or wrong this time I'm hanging on
