

Surely

Connie Smith

Surely I'm still on your mind just a little bit
Surely there's a mem'ry that you can't forget
How can a love so strong suddenly just fade and die
There must be a reason why darling surely

I wanted very much to make you love me and I tried every way th
at I knew how
And I just can't walk away with a mem'ry when I love you more t
han ever right now
Surely I'm still on your mind...
Oh there must be a reason why darling surely
