

## Well of His Mercy

Connie Smith

Most of my life had been filled with despair everything seemed  
to slip ny me  
Bitter my heart and to desert my soul then I drank at the well  
of his mercy  
The water of life gave me strenght to go on  
He opened my eyes turned the darkness to dawn  
Now there is sunshine and love in my heart something inside me  
is singing  
The thirst in my soul now is quenched everyday  
As I drink at the well of his mercy  
[ piano ]  
The water of life...
