

Just A Broken Heart

Connie Talbot

All I need, all I need is closure
Tell a lie, it was nice to know ya'
Draw a line in my mind, cross out your name
And you flatter yourself that I'm hurt
Telling everyone else, remember
It was heaven, before the hell you made
Oh when you...

Left me for dead
Tears in the bed
Sheets that were ripped apart

I may have a broken heart
But it still works day and night
Beating in the dark
Just for me, myself and I
Oh it's keeping me alive
Ever since you said goodbye
I can get it fixed sometime
It's just a broken heart
I'm fine

Taking time, taking time for healing
Now I know, now I know I'm breathing
You can think what you like
I'm leaving town
I'll be flying tonight cause I've found
A little place far away you won't like
You'll look up at the sky and I'll look down
Thinking you...

Left me for dead
Tears in the bed
Sheets that were ripped apart

I may have a broken heart
But it still works day and night
Beating in the dark
Just for me, myself and I
Oh it's keeping me alive
Ever since you said goodbye
I can get it fixed sometime
It's just a broken heart
I'm fine

Feathers in the air
Floating all around the room
I don't really care
Ever since you
You left me for dead
Tears in the bed
Sheets that were ripped apart

I may have a broken heart
But it still works day and night
Beating in the dark
Just for me, myself and I

Oh it's keeping me alive
Ever since you said goodbye
I can get it fixed sometime
It's just a broken heart
I'm fine
