

# Ambidextrous

Connor Price

Ooh-ooh, ooh  
Ooh-ooh, ooh

One hand, two hand, guess I'm ambidextrous  
One step, two step, ain't nobody catchin' us  
Got the place jumpin', everybody gettin' reckless  
How we gon get this? That's a good question

Got too much in the tank, don't need a rest stop  
I ain't checkin' for nothin' until the checks stop  
So much dough in this safe, it look like a bread box  
Prolly got a couple milli sittin' on my desktop  
Stop, wait, then again (What?)  
What I'm servin' need a hot plate, let it sit  
Yeah, and they sellin' like some hot cakes, let 'em spend  
Huh? How you do it? It does not make any sense (Not make any sense)

Got a lot of people that been prayin' on my downfall  
Nippin' at my heels, they been jumpin' tell em down, dog  
Never had a shadow of a doubt, I ain't a groundhog  
Huh, lotta loud talk, yeah, turn the sound off

One hand, two hand, guess I'm ambidextrous  
One step, two step, ain't nobody catchin' us  
Got the place jumpin', everybody gettin' reckless

H-I-J-K, we ain't heard of Ls (Oh)  
Was kind of tough when I learned to spell (Oh)  
I'm charged up, I'm a Duracell (Oh)  
Was kinda quiet then I heard 'em yell  
Back in, back in, like I never left it  
Earn my stripes now like I did reffin'  
Blood type W positive, test it  
Cut my sleeves off, yeah I'm invested  
Wake up every day and do it, this is on the regular  
Countin' up the money only time it ever register  
That's why, asking who got it, they saying "That guy"  
That's why, everyone want me, I stay on that side

Got a lot of people that been prayin' on my downfall  
Nippin' at my heels, they been jumpin' tell em down, dog  
Never had a shadow of a doubt, I ain't a groundhog
