

Courteney Cox

Connor Price

Yeah, yeah I think that's a great idea man let's umm
Let's uh, do that
Yeah send me them beats

Yeah ay, look
Clocked in and now the door is locked, yeah
Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in, yeah
Clocked in and now the door is locked
Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in

Yeah, T.O back to Vegas that's a border hop
Sun is beaming down I'm talking 45
This is not no fahrenheit that's celsius, yeah ay
Shout out to the metric
I'm kilometers ahead and no you cannot catch this I'm gone, yeah
Play my cards right but never follow suit (ooh)
Diamonds dancing in the club but no one shining through (ooh)
No heart y'all just fade away, let's call a spade a spade
Got no time for jokers throw them all away, yeah

Tunnel vision only looking forward not behind us
Handing me a contract show me where the line is
Independent artist I ain't never gonna sign it
Independent thinker till the day that I be

Clocked in and now the door is locked, yeah
Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in, yeah
Clocked in and now the door is locked
Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in

Ay yo, independent thinker and I ain't thinking 'bout you
And the ink that's in the pen ain't never gonna get used
I be thinking 'bout my verses, I don't think about views
And the way I beat the beat up is a form of abuse
Now you can see that I'm a winner you can bet on black
Me and Connor out in Vegas couple aces on stack
And the cops trying to chase us cause we stole a couple scenes
And we smashed a couple bars cause we know that we can, look
I am not a billionaire but I pay the bills in there
Going off the head top like your man Bill was here
You ain't stripping me of that
I be walking on these green faces like you threw them in the air, Idris

Tunnel vision only looking forward not behind us
Handing me a contract show me where the line is
Independent artist I ain't never gonna sign it
Independent thinker till the day that I be

Clocked in and now the door is locked, yeah

Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in, yeah
Clocked in and now the door is locked
Always hitting different so unorthodox, yeah woah
Cougar flirting with me call her Courteney Cox
I don't ever pay her no attention got my shorty locked in, ay

Yo, I love it
I love it
I think that's a sick concept and begs us to go in
