

Best in the league, I'm the first round pick
First class ticket, we can go round trip
Started underground and the crown still fit
Crown still, crown still fit
Best in the league, I'm the first round pick
They don't gotta ask 'cause they know I'm him
Started underground and the crown still fit
Crown still, crown still fit

Moving around, they tell me to stop, nah
King of the throne, I'm taking the top spot
Bubbling up, I'm ready to pop off
Let me paint a picture for you, I'm feeling like Bob Ross
Took it head on, I never ran from it
Hammer all these MC's, nobody can touch it
Flying out the family, trippin' in Nantucket
I feel like Stan Lee 'cause when I show up the fans love it
Let's go

Look, this is not a cameo
Pop-in like a can of coke
Sending me a beat, I send one back and with a ransom note
Young, rich and handsome though
Feel like Indiana jones
Made enough this month that I could probably buy my family home

Best in the league, I'm the first round pick
First class ticket, we can go round trip
Started underground and the crown still fit
Crown still, crown still fit
Best in the league, I'm the first round pick
They don't gotta ask 'cause they know I'm him
Started underground and the crown still fit
Crown still, crown still fit

Ayo, the crown still fit and the fit go crazy
Yeah you working with a Leo, I'm the new Scorsese
I'm a gift to this world like a new born baby
I don't mean to be so rude but that's what New York made me
It's the Prince of Manhattan been rapping since '97
Wait, Prince of the internet did it since pandemic, look
All the compliments given were backhanded
All my haters wheelchair Jimmies, they can't stand it
Go and take a seat please, check the IMDB
Still be cashing checks from all the times I been on TV
Yes I got the receipts, did it since a pre teen
Still working with the family 'cause that's the dream team

Best in the league, I'm the first round pick
First class ticket, we can go round trip
Started underground and the crown still fit
Crown still, crown still fit
