

Customs

Connor Price

Told em I don't wanna stop
So many drops
They got accustom
Outta the country a lot
Ask what I bought
Going through customs
Nothing is over the top
Except for the rock
I made it custom
Billion streams
Keeping it clean
I never cussed em

Woah yeah look my
Pen game is on zip tie
Bed frame is on king size
Little fish in the biggest pond
guess nowadays I'm the big guy
Better pick don't switch sides
I never trip just trip mines
And the only miss is a missile
Woah
And you know it's heat seeking
Clearing my lane like street sweeping
Maintain a buzz I'm bee keeping
Dropping again that's week after week after week after week keep repeating
Better keep reaching
Try to touch but you can't, like a 3D flick
Nah we don't don't like that like a Chief Keef hit
Woah
Working like some dental floss
Got a bone to pick
Throwing in the towel
Never me until lets over with
They can never buy me go ahead and call your brokerage
I'mma keep my dignity no matter if I'm broke or rich

Told em I don't wanna stop
So many drops
They got accustom
Outta the country a lot
Ask what I bought
Going through customs
Nothing is over the top
Except for the rock
I made it custom
Billion streams
Keeping it clean
