I'm just tryna make it last, I keep goin' 'til I crash  
Even then, I'll hit the gas, I ain't stoppin', that's a fact  
Got some heaters in the stash, just in case they wanna ask  
I could show them where I'm at, do my verse and then I (Ayy, ayy)  
Dip out, I had to stick out (Woo)  
They're copyin' the script now (Mm), the fakes are gettin' sniffed out (Right)  
They want me on the list now (Go), no thank you, I'ma skip out (Yeah)  
I could've gone the big route (Ah), I probably would've missed out, okay, okay

Pockets so deep, it's a trenchcoat (Trenchcoat)  
European-bred, I got French toast (French toast)  
Know I shouldn't do it, I'm obsessed, though  
Gotta make that check, gotta make that list (Yeah, woah, ayy)  
Gotta make them sweat, gotta make that kick hit-hit-hit (Woo, woo)  
Woah, I make them dance (Yeah)  
Holdin' my own, got achin' hands (Ayy)  
Got a big list, I'm makin' plans (Look)  
Seein' me out, they shakin' hands (Ah)  
Say they like what I'm doin', usually not one to do this  
"But when I saw you, I knew it, just keep on droppin' this music"  
I need it bad
