Dude, I don't know how to hype to go like—
Woo (HoldUp, Holdup, HoldUp)

It's a, it's a party, you invited, baby, let's go
Looking like Sabrina, so I gave her that espresso
Please, please, please look at me, I got potential
I always stay on beat, I don't need no instrumental
Didn't finish college, but my resume's impressive
The dough I got unlimited like Olive Garden breadsticks
And you the only ten I see, you must live out in Memphis
I'm throwing perfect pitches at her like I'm Anna Kendrick
Next question

Yeah, what's the move, baby? Gotta pull up
Everybody getting wild, wild, wild, wild

We'll be together for forever, she be like, "Don't die on me"
Girl, I'm in the driver's seat, hop inside my time machine
I wanna relive how it felt when you first laid your eyes on me
Nah, this ain't monopoly, but I'll still buy you property
And take you on a shopping spree, it really ain't a lot to me
Girl, I had to just flex, I won't bounce like my checks
My phone is on do not disturb, but I'll respond to your text
And I can play the guitar, so you don't gotta fret
I'll treat you like the MTV show, girl, you know that you next (Next)

It's time for the weekend just to begin
