

Riptide

Connor Price

Flow water
Caught the riptide, ay
Smooth talker
Slip when I slide, ay
Couldn't reach us
Baby why try
Hasta la vista
Baby bye bye

Excuse me
Had to slide by you like a Toosie
Wonder how he stay so cold, the flow a Koozie
Skin smooth
Plus I'm gettin' fit too
I don't carry weight but my last name Doo like Scooby
Oopsy
Dropping another one, it's a doozy
Oopsy
Copping another one, need two please
Who's he
Think I recognize him from the movies
IMDB Cooper you might lose me
Only bow to God, that's two knees
Dollar for my thoughts game 'em two like Twonies
Got a lot of dough, think I needed something to knead
Money and the safety of my family, that's my two needs
What you know about a quad entendre
Name a competition that I'm not on top of
Popped off and I'm not stopping
I drop often
I Walk Tall like I'm Dwayne Rock Johnson

Flow water
Caught the riptide, ay
Smooth talker
Slip when I slide, ay
Couldn't reach us
Baby why try
Hasta la vista
Baby bye bye

More space, dammit I need acreage
Less talk, I'm too tired of conversations
Rap game Keanu Reeves, I'm The Replacement
Rap game Keanu Reeves, free of The Matrix
Face it, I make it, you copy paste it
I don't got time for your manager or your agent
Barely got time to manage all of my payments
No squares in my circle I don't shape shift
Take a deep breath like Kirby
Relax baby, don't gotta worry
Surely, your body a temple just ask Shirley
Gettin' mo with my brothers, Larry and Curly
New school, old school, don't know what we calling this
Flow so mimosa, you know it's bottomless
Yeah, we want all of it, hungry as hippopotamus
Can't spell 'Iconic' without Con and Nic

Flow water
Caught the riptide, ay
Smooth talker
Slip when I slide, ay
Couldn't reach us
Baby why try
Hasta la vista
Baby bye bye, ay
