Connor Price

I got 'em moving in tandem  
Militant how I'm advancing  
Hold the baton  
Salary look like a ransom  
She said it's making me handsome  
Showing me off  
They said I been getting cocky  
This is my modesty anthem  
Hold the applause  
Slippers are ruby I'm dancing  
Feel like I been out in Kansas  
Wizard of Oz, I'm

Bounce, bounce  
They want my soul, I don't rent it out  
Posting a ticket for headlining show  
That's the only time I'm ever selling out  
Knocking me down in the second round  
Good under pressure they never doubt  
Still gonna hit it right out of the park  
At the bottom of 9th with a second out  
Back against the wall  
Had to get them off  
Never let them all get to me  
Bombs I set them off  
Don't upset the boss  
I'mma get them all eventually  
Yeah, but for now I'm just chilling  
Hometown hero but the beat so villain  
Got it on lock and the key code hidden  
Straight to the top we don't need no ceiling

I got 'em moving in tandem  
Militant how I'm advancing

Yeah, look at me I'm on the TV  
I make a hit, double back, then I repeat  
Got your favorite rapper tryna meet me  
Phone buzzing, labels calling, they need me  
I get it, I get it, they want the sauce  
Me and Connor ain't giving no freebies  
They all say that I'm cocky, it's confidence, baby  
I'm sorry I make it look easy  
I feel like a Wizard of Aus  
Sydney - Toronto, we spinnin' the globe  
Don't need your round of applause  
Save it for later, I'm back in my zone

That's hard

I'm back to my ways, I'm stepping' on throats  
Oh what a shame, I bet they gon' choke  
You think that I changed, you don't wanna know  
Ooh, yeah  
Oh that's hard  
Ooh, yeah

I got 'em moving in tandem  
Militant how I'm advancing  
Salary look like a mansion  
Something 'bout me being handsome  
How's it go again?
