Yeah

Trendsetter, whoa

League of my own, it don't get better, no

Read what I wrote, I'm a bestseller, yeah

Reach for my goals, hit it dead-center

Hit it dead-center

Bullseye, hit it the most, there's no misses

Something like fish in a barrel, it's no different

Blindfold on me, I still got the most vision

I never go slow

Thinking I'll crash, end up a thing in the past

Big fish catching me, they gon' need a bigger boat

Ironic how the world stops when I spin a globe

Always showing up

Last year's songs still holding up

See the name now and they know what's up

Price hit the top and it's going up

I'm a trendsetter, whoa

League of my own, it don't get better, no

Read what I wrote, I'm a bestseller, yeah

Reach for my goals, hit it dead-center

Hit it dead-center

Trendsetter, whoa

League of my own, it don't get better, no

Get the spell checker, fact check and prevent errors

Going up, see the bent lever

Jalapeño hot, y'all just red peppers

All y'all carbon copies but I'm left-center

And your shorty glitching on me like a tech center

Hit her with a French tenor

Crazy, wait until I do the next record, I'll leave heads severed

I don't need to hit the bench ever

But if I do, I'm PR'ing to the next level
