

# Typical Rapper

Connor Price

Look (Ay)

I'm not a typical rapper (Nah)  
I don't got chains  
I don't got blang  
That's not the shit that I'm after (It's not)  
Yeah, look  
I'm not a typical rapper (No)  
All y'all predictable  
Taking a page out the book, I'm a different chapter

Ay

What y'all expect me to look like? (Huh?)  
Suge Knight? (Uh)  
Look I don't wanna fight, I'm a good guy (Yeah)  
'Till I get up on the mic and I hook right (Right)  
'Cause the punchlines tight and the hook right (Uh)  
God damn, white boy got swag (Woo)  
I don't spend money I don't blow that cash (No)  
I'm just me, I don't hold that back  
Interview no mask, no Kodak Black (Yeah)  
Look, I ain't ever sold no crack (No)  
I ain't never hold no gat (Nah)  
Only shots that I take is a photograph  
Or a toast of Jack, I ain't close to bad  
I'm less street than a culdesac  
Still bring heat when I flow on tracks  
Y'all flow is whack, all balderdash  
They asking me where the gold is at  
I say, well, look

I'm not a typical rapper (Nah)  
I don't got chains  
I don't got blang  
That's not the shit that I'm after (It's not)

Got em all asking, "Who's he?"  
Shout out Halfademic for the new beat  
Do this everyday until it's routine  
Disappearing out of here like Houdini  
Poof and I'm gone  
Just like their money with Louis Vuitton  
Try to impress the people they say they detest  
But that's none of my business  
Yeah, let me get this off of my chest  
Got a couple things that I gotta confess to (Right?)  
Never had a one night stand and my wife is the only one I'm waking up next to  
True, ooh (Ooh)  
Engaged at 20 (Yeah)  
No distractions  
Chase that money (Yeah, yeah, yeah)

Show up at the video shoot everybody like "Ooh, goddamn, where the honeys?"  
Uhh, well, look, um

Look (Ayy)  
I'm not a typical rapper (Nah)

Volkswagen Jetta when I pull up I don't fake nothing (No)  
I ain't got a milli but my credit score is 800 (Huh)  
I'm a try to keep it independent  
Lock it down like I keep it in a pendant (Yup)  
This the only time that I reference a necklace  
Guessing you ain't even catch it (Nope)  
Own this shit, put my foot up on the table  
Shoulda, coulda, woulda, but you put up with the labels (Right?)  
Had a lotta money but they had to recoup that (Huh)  
I thought you knew that?  
That's too bad  
Now you going right back home where your dudes at  
Like, "Please let me back in the group chat" (Ha)  
I don't move with a group I don't do that (No)  
So they asking me where the crew's at?

I'm not a typical rapper (Nah)
