

Breathe

Conor Maynard

have you ever been in love
then you know just what i'm talking about
its like when you really know
you finally found the person you want
and you wanna spend the rest of your life
i thought i've been there before
but now that i'm sure,
i finally found somebody who cares
i've given my heart and my soul to her
and i just want the whole world to know

you're the reason that i breathe
i want you to know that
if you were to leave, then i couldn't go back
my life will be incomplete without you here
you're the reason that i breathe
ladies if you got a man
fellas if you got a girl
why don't you tell em that they mean the whole world
to you,you,you,you
youre the reason that i breathe

the feeling you get when you call them
and they don't answer and feels like
you're whole world's about to stop(stop)
and you can't believe somehow,
somebody makes you feel this way
i'm talking about you can't eat(eat)
you can't sleep(sleep)
you cant breathe at all
theyre like the puzzle thats been missing in your life
why don't you look em in they eye and tell them

you're the reason that i breathe
i want you to know that
if you were to leave, then i couldn't go back
my life will be incomplete without you here
you're the reason that i breathe
ladies if you got a man
fellas if you got a girl
why don't you tell em that they mean the whole world
to you,you,you,you
youre the reason that i breathe

i was broken before i met you
now i aint trippin like i used to
and i gotta say
that you made my life much better
i can barely breathe, i can barely breathe
when your not with me (ohhh)

you're the reason that i breathe
i want you to know that
if you were to leave, then i couldn't go back
my life will be incomplete without you here
you're the reason that i breathe x2

if you got a man uhh, if you got a girl
why dont you tell em that they mean the whole world
to you, you, you, you (woaah)
if theres somebody out there, just like me
Put your hands up and tell her
youre the reason that i breathe..
