

## Lake Havasu (In Florida)

Conor Oberst

The mission has failed  
And I am a hopeless mess  
Spare me the details  
Of how it all worked out  
The damages eludes  
Me with my own two hands

We did this ourselves  
We built this ourselves  
But where am I supposed to go running  
When all of my friends out there are scared?  
Can you feel on your own?  
How does it feel on your own?

But I'm not gonna bang against your throat  
You know we're all at sea  
I've seen it myself  
I just want home

You told me to speak in tongues for you  
"Puwelo anyabont, Havasu"  
So how did I do?
