

# Atonement

## Conquer Divide

We are not the same

We built this fortress up brick by brick  
'Til you came along and tried to knock it down  
Throwing knives around to see where they'd land  
There's the applause you wanted from the crowd

You watched us fighting hard against the current  
Right when we needed you the most  
Oh don't you see  
We don't believe  
A goddamn thing that you say  
When it was easy to let go

You turned your back  
A waste of my time, is all that you are  
So don't look back  
Get out of my life  
We don't know who you are  
Anymore

I don't ever want to know what it feels like  
To become a shell of myself just like you  
Diving deep to help you find your voice  
But you can't find meaning in an empty room

We were fighting hard against the current  
Right when we needed you the most  
Oh don't you see  
We don't believe  
A goddamn thing that you say  
When it got hard you let us go

You turned your back  
A waste of my time  
Is all that you are  
So don't look back  
Get out of my life  
We don't know who you are  
Anymore

How does it feel  
How does it feel  
To be a filthy fucking rat!

We're picking up the pieces  
Your best wasn't good enough  
And if you wanted atonement  
You'll get nothing from us

You let it slip through your hands  
Haunted by thoughts when you're alone  
You wonder what could've been  
If you didn't let it go

You turned your back  
A waste of my time

Is all that you are  
So don't look back  
Get out of my life  
We don't know who you are  
Anymore

We don't know who you are  
We don't know who you are  
We don't know who you are  
Anymore

We are not the same
