

Chemicals

Conquer Divide

Light it up and burn it all to the ground

You always bring your invitation
A chance to be another me
'Cause you know I'm not your friend
Without your peace offering
You see the scars, the skin and bone
I'm hanging on by a rope
But you'd steal my last breath and wait for a chance
To push me right off the edge

Paranoid, I'm gonna have to sell my soul
Tie it up and hope it don't make a sound
Chemicals, they're gonna make me lose control
Light it up and burn it all to the ground

If I didn't know better I'd have thought
At least you were on my side
But you know me better than me
And you love it when I'm paralyzed
You know it's irresponsible
To pretend it's a favor, oh
To let someone else pull the trigger
When you put the bullet in the chamber

Paranoid, I'm gonna have to sell my soul
Tie it up and hope it don't make a sound
Chemicals, they're gonna make me lose control
Light it up and burn it all to the ground

I'll fight this fire with gasoline
This is a social disease
It's a self-medicated American dream

Paranoid, I'm gonna have to sell my soul
Tie it up and hope it don't make a sound
(Tie it up and hope it don't make a sound)
Chemicals, they're gonna make me lose control
Light it up and burn it all to the ground
(Light it up and burn it all to the ground)

Anyone notice that I'm dead, not alive?
I'll cover the tracks and retrace my steps
My demons resurface, they take all, all that's left
