

playing w/ fire

Conquer Divide

Hey

Can't seem to let it go
You spent too many nights staring at these walls through bloodshot eyes
You say it's hard, I know
He took your will to fight and now you're in denial, oh, oh

You're constantly reminded by the memories in all the broken picture frames
There's no justification when he goes and blots the sun out with the colors
of his rage
Oh

He says, "I'm sorry"
While he's ripping you apart at the seams
What does it feel like
When nobody can hear when you scream?

You say you love him
He shattered your rose-colored glasses and left you seeing in black and blue
And now you're broken, 'cause true love doesn't leave you feeling empty with
a heart so bruised

Now you're constantly reminded by the scars he left that you gave him everyt
hing
So you sing your cares away while you're trapped in a script that doesn't ev
er seem to change
It's not gonna change

He says, "I'm sorry"
While he's ripping you apart at the seams
What does it feel like
When nobody can hear when you scream?
And they don't know, what I know
But your face tells me no lies
It's too late, he won't change
Look around, you're playing with fire

Ooh, oh
Now you're seeing in red
So you close your eyes
To you push it down, don't push it down
Said it's all in your head
Gotta get you out
I won't let you down, won't let you down
Now you're seeing in red
So you close your eyes
To push it down, don't push it down

I won't let you down
Gotta get you out

He says, "I'm sorry"
While he's ripping you apart at the seams
What does it feel like
When nobody can hear when you scream?
And they don't know, what I know
But your face tells me no lies

Please tell me why you're still
Still playing with fire
