

Fellowship

Conquest

The time has come to meet the danger
Someone must go to fulfil the last line
Of prophesy

Fearless and brave in the great adventure
To save the world we are here
Selflessly and steady in our fellowship

Our enemy is guileful and crafty
Gather his force in the shade of night
So we must keep

Fearless and brave in the great adventure
To save the world we are here
Selflessly and steady in our campaign

We'll make a new day
Clear and fair
With our fellowship
