

Firestone

Conrad Sewell

I'm a flame, you're the fire
I'm dark in need of light
When we touch, you inspire
Feel the change in me tonight

So take me up, take me higher
There's a world not far from here
We can dance, in desire
Or we can burn in love tonight

Hearts are like, Firestone
And when they strike, we feel the love
Sparks will fly, they ignite our bones
But when they strike, we light up the world

Said we light up the world

I'm from X, you're from Y
Perfect strangers in the night
Here we are, come together
To the world we'll testify

Hearts are like, Firestone
And when they strike, we feel the love
Sparks will fly, they ignite our bones
But when they strike, we light up the world

Hearts are like, Firestone
And when they strike, we feel the love
Sparks will fly, they ignite our bones
But when they strike, we light up the world

Hearts are like, Firestone
And when they strike, we feel the love
Sparks will fly, they ignite our bones
But when they strike, we light up the world

Said we light up the world
