

## Backseat Lovers

Conro

Are we just backseat lovers  
Am I just wasting my time  
Movin' fast under covers  
Cause I know you'll never be mine

Lovin' on the low key  
Left me feeling lonely, ahh

If you can't see what I see  
I'll just take a backseat, for now

I'll just take a backseat  
I'll just take a backseat  
I'll just take a backseat  
I'll just take a backseat  
I'll just take a backseat

Am I your backseat lover  
Are you just passing your time  
Mess around like it's summer  
As long as the attention is mine

Lovin' on the low key  
Left me feeling lonely, ahh

If you can't see what I see  
I'll just take a backseat, for now

I'll just take a backseat  
I'll just take a backseat  
Backseat lover

Lovin' on the low key  
Left me feeling lonely, ahh

If you can't see what I see  
I'll just take a backseat, for now

I'll just take a backseat
