

# Chardonnay

Conro

Tell me I got no place to be  
And let me take you  
We can find some smoke to breathe and leave the city  
And I've been like a falling star  
(Oh, oh, oh)

Where it's no motion when you hold me  
Nothing seems to move  
Roll with the ocean higher and higher  
Watching the waves, sipping on chardonnay, ay, ay

You've got me watching the waves, sipping on chardonnay  
You've got me watching the waves, sipping on chardonnay  
You've got me watching the waves, sipping on chardonnay  
Ay, ay, sipping on chardonnay, ay, ay

Floating with no message in the bottle  
Where we're going  
No, we don't wanna be found tomorrow, tell the city  
That we're not coming home tonight  
(Oh, oh, oh)

Where it's no motion when you hold me  
Nothing seems to move  
Roll with the ocean higher and higher  
Watching the waves, sipping on chardonnay, ay, ay

You've got me watching the waves, sipping on chardonnay  
You've got me watching the waves, sipping on chardonnay  
You've got me watching the waves, sipping on chardonnay  
Ay, ay, sipping on chardonnay, ay, ay
