

City Lights

Conro

(City lights)

(City lights)

Dancing through the streets, we wander
Falling for the fire
Burning at the heart, throwing
Hands up to the sky

Ooh, we live for the night
Ooh, here for the ride
I feel alive under the city lights

Ooh, under the city lights
(City lights)
Ooh
(City lights)

Dancing through the streets, we wander
Falling for the fire
Burning at the heart, throwing
Hands up to the sky

I can see it all
The night will come when I call
The day is never too far away
Time will turn as I say

Ooh, we live for the night
Ooh, here for the ride
I feel alive under the city lights
Under the city lights

Ooh, under the city lights
(City lights)
Ooh
(City lights)

(City lights)
