

Dreaming

Conro

They say I'm dreaming
Tell me to leave it
Different path I've chosen
I don't think they see it
Life ain't a trailer
No need for flavors
'Cause I've been laughin'
When I'm Justin Bieber's neighbor

Always turn to second guess
Weighs heavy on my chest
The dreams I have they stay alive
'Cause you know it's ride or die

I've been dreamin'
Maybe I'm sleepin'
Losin' my teeth
Baby, I'm flying for no reason
I've been dreamin'
What I believe in
I will get there soon
That's more than just a feelin'
Yeah, I've been dreamin'

Watchin' the bands
Workin' the weekend
Thinkin' 'bout how I remember all these feelings
Right in this moment, I'm makin' no mint
Ridin' on this damn old stop until I own it

Always turn to second guess
Weighs heavy on my chest
But, the dreams I have they stay alive
'Cause you know it's ride or die

I've been dreamin'
Maybe I'm sleepin'
Losin' my teeth
Baby, I'm flying for no reason
I've been dreamin'
What I believe in
I will get there soon
That's more than just a feelin'
Yeah, I've been dreamin'

I've been dreamin'
Maybe I'm sleepin'
Losin' my teeth
Baby, I'm flying for no reason
I've been dreamin'
What I believe in
I will get there soon
That's more than just a feelin'
Yeah, I've been dreamin'

I've been dreamin'
Maybe I'm sleepin'

Losin' my teeth
Baby, I'm flying for no reason
I've been dreamin'
What I believe in
I will get there soon
That's more than just a feelin'
Yeah, I've been dreamin'

Yeah, I've been dreamin'
