

Fired Up

Conro

Yo, you guys ready to go?
Let's go

Burn rubber in the red lights
Rearview, keep it out of sight
Flow like a waterfall

Submit to the forces of nature
These habits of mine aren't a major
Burn rubber in the red lights

If life is a highway
Better hit the ground running (running)
We're out here surviving (surviving)
Just trying to feel something (something)

I don't wanna waste no more time
Are you going to come for the ride?
If life is a highway (oh, ohhh)
Better hit the ground running (running, running)

Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up

Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up
Just trying to feel something (something)
Oh
Better hit the ground running (running, running)
Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up
Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up

Breathe it in, let it all go
Keep riding that high hope
Flow like a waterfall

Submit to the forces of nature
We all end up meeting our maker
Breathe it in, let it all go

If life is a highway
Better hit the ground running (running)
We're out here surviving (surviving)
Just trying to feel something (something)

I don't wanna waste no more time
Are you going to come for the ride?
If life is a highway (oh, ohhh)
Better hit the ground running (running, running)

Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up

Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Fired up

Just trying to feel something (something)
(Oh)
Better hit the ground running (running, running)

Ooooh, ooooooh, ooooooh, ooh, ooh, ooh
Ooooh, ooooooh, ooooooh, ooh, ooh, ooh

If life is a highway
Better hit the ground running (running)
We're out here surviving (surviving)
Just trying to feel something (something)

I don't wanna waste no more time
Are you going to come for the ride?
If life is a highway (oh, ohhh)
