

I can hardly believe it
Never thought we would stop this rolling stone
Don't know where I'm going
But I know that I'm better off alone

Feeling the weight and it's pulling me under
(Pulling me under, pulling me under)
Started strong, but the distance grew on

I just wanna be me
I just wanna be free
No I don't wanna fight
'Cause I know we'll be fine
Just to say our goodbye
I just wanna be me

I just wanna be me

Never thought we would face this
Looking back how could we ever know
Don't know where we're going
But I know that we're better off alone

Feeling the weight and it's pulling me under
(Pulling me under, pulling me under)
Started strong, but the distance grew on

I just wanna be me
I just wanna be free
No I don't wanna fight
'Cause I know we'll be fine
Just to say our goodbye
I just wanna be me

I just wanna be me

I just wanna be me
I just wanna be free
No I don't wanna fight
'Cause I know we'll be fine
Just to say our goodbye
I just wanna be me

(I just wanna be free)
I just wanna be me
I just wanna be me
