

# Nothin On You

Conro

(N'nothing on you)

Days turn to night time  
No sleep but I still dream

You are the reason  
I find it hard breathe

Cause you give me something new  
Hope you feel the way I do  
Just in case you didn't know

I could see a thousand sky lines  
Looking at perfect view  
From LA to the City of Lights  
They don't got nothing

N'nothing on you  
N'nothing on you  
They don't got nothing

Knew with one touch  
I'd never be the same

I'm losing focus  
When you're not in the Frame

Cause you give me something new  
Hope you feel the way I do  
Just in case you didn't know

I could see a thousand sky lines  
Looking at perfect view  
From LA to the City of Lights  
They don't got nothing

N'nothing on you  
N'nothing on you  
They don't got nothing

I could see a thousand sky lines  
N'nothing on you  
From LA to the City of Lights  
N'nothing on you

I could see a thousand sky lines  
Looking at perfect view  
From LA to the City of Lights  
They don't got nothing  
N'nothing on you  
N'nothing on you  
They don't got nothing

I could see a thousand sky lines  
Looking at perfect view  
From LA to the City of Lights  
They don't got nothing

N'nothing on you
