

# Somebody With You

Conro

I feel like somebody with you  
We just met, but [?]  
Hope you feel the same as I do  
'Cause I feel like somebody with you

I feel like somebody with you

I've been feeling like somebody else  
Chasing shadows, not really feeling myself  
You know, I've been lying to myself too  
But figured it out right when I saw you

You showed me places I can get away from  
Chaos and pain, yeah, you're my medication  
I don't need the [?] vacation  
Anywhere with you

I feel like somebody with you  
We just met, but [?]  
Hope you feel the same as I do  
'Cause I feel like somebody with you

I feel like somebody with you

I've been walking with that crutch  
Got me out my head, hope this ain't too much  
You shook me to my core, feels like my debut  
Me and you, walking to a different groove

You showed me places I can get away from  
Chaos and pain, yeah, you're my medication  
I don't need the [?] vacation  
Anywhere with you

I feel like somebody with you  
We just met, but [?]  
Hope you feel the same as I do  
'Cause I feel like somebody with you

(I feel like, I-I feel like)  
I feel like somebody with you (I feel like somebody with, with, with)

I feel like somebody with you  
Somebody with you, somebody with you  
Somebody with you, somebody with you  
Somebody with you, somebody with you  
I feel like somebody with you (I feel like somebody with you)
