

# Waiting

Conro

I've been spending time goin' nowhere  
Stuck on the sofa nothin' to show for  
Drew me to the beach at the ocean  
Long way from sober  
Our days are over

I've been lookin' for so long  
Goin' wrong  
I've been waiting  
(I've been waiting)  
But I'm somewhere far away, perfect day  
I've been waiting  
I've been waiting for so long

I've been waiting for the sun  
To come up with someone  
To come up with someone  
To come up  
I can't be the only one  
Who's fallen for someone  
Just waitin' fo the sun  
To come up

(I've been waiting)  
(I've been waiting)

Once upon a time, it was colder  
Now I just hold ya  
Run Coca-Cola  
Takin' time to lose it with you, babe  
Maybe it's Tuesday  
Whatever you say

I've been lookin' for so long  
Goin' wrong  
I've been waiting  
(I've been waiting)  
But I'm somewhere far away, perfect day  
I've been waiting  
I've been waiting for so long

I've been waiting for the sun  
To come up with someone  
To come up with someone  
To come up  
I can't be the only one  
Who's fallen for someone  
Just waitin' for the sun  
To come up

(I've been waiting)  
(I've been waiting)

I've been waiting for the sun  
To come up with someone  
To come up with someone  
To come up

I can't be the only one  
Who's fallen for someone  
Just waitin' for the sun  
To come up

(I've been waiting)  
(I've been waiting)

I've been waiting for the sun  
To come up with someone  
To come up with someone  
To come up  
I can't be the only one  
Who's fallen for someone  
Just waitin' for the sun  
To come up
