Way Back

Conro

(You will find your way back home)
(You will find your way back home)

Easy love, I can show
On the outside
It's not that simple
(It's not that simple)
When it's tough, I don't show
How I feel
Looking out my window
(Looking out my window)

I get caught
Living in these thoughts
But I'm never lost
For a second I forgot
(For a second I forgot)

You can run
You can hide
You can slide back
Give it time
Ease your mind
You'll survive that (Hey)
You can run
You can hide
You can slide back
Just don't fight alone
You will find your way back home

(You will find your way back home)
(You will find your way back home)
(Hey)
(You will find your way back home)
(You will find your way back home)

You will find your way back home

(You will find your way back home)
(You will find your way back home)
(Hey)
(You will find your way back home)
(You will find your way back home)

You will find your way back

(You will find your way back home)
(You will find your way back home)
(Hey)
(You will find your way back home)
(You will find your way back home)

Ease my mind, yeah I've tried
To confide
But it's not that simple
(It's not that simple)
I find it hard, to describe

How I feel
Looking out my window
(Looking out my window)

I get caught
Living in these thoughts
But I'm never lost
For a second I forgot
(For a second I forgot)

You can run
You can hide
You can slide back
Give it time
Ease your mind
You'll survive that (Hey)
You can run
You can hide
You can slide back
Just don't fight alone
You will find your way back home

You will find your way back
You will find your way back
You will find your way back
You will find your way back home

(You will find your way back home)
(You will find your way back home)
(Hey)
(You will find your way back home)
(You will find your way back home)

You will find your way back

You can run
You can hide
You can slide back
Give it time
Ease your mind
You'll survive that (Hey)
You can run
You can hide
You can slide back
Just don't fight alone
You will find your way back home

(You will find your way back home)
