

What's Love

Conro

Is this a fatal attraction
Or something brand new?
I got a strange emotion
Do you feel it too?
Tell me what's on your mind

Used to be perfect strangers
Maybe I fell for you
Maybe it's nothing major
Just tryin' to speak the truth
What's love?
What's love gonna do, gonna do with us?

(What's love?)
(What's love?)
(What's love?)
(What's love?)

Been having these conversations
There's something 'bout you
More than just under covers
I can't forget you
Tell me what's on your mind

Used to be perfect strangers
Maybe I fell for you
Maybe it's nothing major
Just tryin' to speak the truth
What's love?
What's love gonna do, gonna do with us?

(What's love?)
(What's love?)
(What's love?)
(What's love?)

(Used to be perfect strangers)
(Maybe I fell for you)
(Maybe it's nothing major)
(Just tryin' to speak the truth)
What's love gonna do, g-gonna do, g-gonna do?
What's love gonna do, gonna do with us?

(What's love?)
(What's love?)
(What's love?)
(What's love?)

Used to be perfect strangers
Maybe I fell for you
Maybe it's nothing major
Just tryin' to speak the truth
What's love?
What's love?
What's love gonna do, gonna do with us?
