

Ask Somebody

Consequence

Yeah yeah, you better ask somebody

Here we go now

Here we go now, come on

Burn one with me then pass to the homie

What I got on the passenger side could pass for Naomi

I could pass for Kobe when it comes to the stacks

Too many classes homie when it comes to the raps

It's in my soul to trap, not Bryson Tiller though

And I don't lighten up like Michael case of vitiligo

And I don't slut shame her when I get to go

I just get, get, get it then I give her dough

For sure my band members been getting bands

We drunk with power, yeah we the drinking champs

I promise this, yeah I'mma make a dance

For all of you cowards

That'll run into a man and do the "Running Man Challenge"

'Cause you was running your mouth about a fake account balance

Why be on that when there's freaks in the lobby?

Summer 16, you better ask somebody

I had a bunch of bad bitches at my after party

Little bitch, you better ask somebody

You better ask somebody

You better ask somebody

I had a bunch of bad bitches at my after party

Little bitch, you better ask somebody

You better ask somebody

You better ask somebody

Ain't no unit like the one I got

(It's G-Unit)

I keep you fresher than the next bitch, indeed

In them new Birkin bags and Brazilian weaves

Got the keys to the Ghost now, big body V's

Smile for me baby, I got what you need

In the Maybach Benz for us to ride

Got the top on the stash nigga, we don't hide

Nigga we outside and we rep south side

South Jamaica Queens thing

Two for 5 fiend thing

Balmain Jean thing

Leathers on the Jordans that you seen on the Dream Team

Triple beam thing

Boss like Springsteen, AR-15

On the road to riches and diamond rings

Just bought a Rollie now it's back to Queens

I had a bunch of bad bitches at my after party

Little bitch, you better ask somebody

You better ask somebody

You better ask somebody

I had a bunch of bad bitches at my after party

Little bitch, you better ask somebody

You better ask somebody

You better ask somebody
