

[Consequence]

yo micorophone check 1 2 what is this  
con took a temp from everyone in the business  
you cant be mad at me  
thanks for havin me  
I'm from the same devil as Mobb Deep and Tradgedy  
Might be on chelsea lately because of all the fame  
So I spit a lil game, maybe let her wit a chain  
Because stlyez, upon stlyez, upon stylez of what I have  
I'm droppin 20,000 when I'm up on 5th ave.  
I wear the \_\_\_\_ sneakers because the boyz gettin cash  
And when we in the club yeah, I swing a louis rag  
When it comes to the devils  
I'm not a have stuffer  
To pass weed is speedier than graffiti on tha leather  
Refuse to compete with B.S. competion  
That couldn't get signed if they had a petition  
I never walk streets thinkin it's all about me  
But I know niggas are scheming  
so it's under the seat  
I just try my best not to dumb on out  
A Tribe with the con so you must be buggin' out

[Kid Cudi]

Yo a few new stations  
put me in rotation  
They erase the martians  
congradulations  
Now my knots is too too thick  
Bruskies askin me to do they favorite hit  
With fan ese spit a verse and occasionally  
I'll blow, I'll S-Strike a chord  
and you can thank the lord  
As I go in between  
the goods and the glam  
Listen my submission is wishes of the fan-o  
As a segway  
I am alone  
I'm tryin to get mine  
and you should go n get yo own  
Smokin my weed because it's therapy for me  
when everything seems bleak because the devils 'oversee\*'  
You be  
I fly  
You can't be me because yo flow is too shy  
I know I'll be the man if the co pull the plug on the autotune  
But I can't and thats bawls  
"I don't care if you first or if you last  
I just know that you better rock this at the  
drop of a dime baby"
