

## Come With Me

## Consequence

Man I swear that she's the girl I gots to have  
Yes I got to have you girl  
And I'll do anything to make you come with me  
And I guarantee you're coming with me  
Man I swear that she's the girl I gots to have  
Cuz I've got to have you girl  
And I'll do anything to make you come with me  
And I guarantee you're coming with me

She flew out on Virgin and thought she would stay one  
I turned on The Clipse and I almost became one  
Cuz that ain't making nobody cum where she came from  
I thought you had swag, damn, ain't you where Bay from?  
I hate when they play dumb but then got a smart mouth  
But able to turn heads as soon as she walks out  
Cuz the pictures in her thread got 'em pouring they heart out  
I pictured her in bed and started pulling my card out  
Cuz she half of this and half of that  
But I guess her black side is why her ass is fat  
So when I tap hold and load in 4k  
I hope she don't tell me what Naomi told Cordae  
But those ain't the kind of texts that my iPhone need  
Now she asking Quence what them eye rolls mean  
Well, I was having better sex when I sold weed  
So you can save that Internet shit for IShowSpeed

Man I swear that she's the girl I gots to have  
Yes I got to have you girl  
And I'll do anything to make you come with me  
And I guarantee you're coming with me  
Man I swear that she's the girl I gots to have

And I'll do anything to make you come with me

With this much jewelry sitting up in a safe  
Why go on dates with 6, 7 or 8's  
When I can pull up in a 6, 7 or 8  
But my six sense told me, damn, you bit the bait  
Cuz for the last 7 days her make up artist ate  
So I'm hanging out late but the results could be lethal  
I'm hoping Laura Styles don't report this to Ebro  
If they was all cool wit it I would be Ne-Yo  
But if they all sue for it I'm the CEO  
The Boss like DLow who found the new Premo  
So the post on my feed only feed my ego  
And it don't take Ray Bans that came wit the Meta  
To see that Ray had bands the day that he met her  
So I'm filling up the Sprinter cuz we back on the streets  
Tempted to be a sinner by these afro beats  
Cuz that kind of ass would make an asshole cheat

Man I swear that she's the girl I gots to have  
Yes I got to have you girl  
And I'll do anything to make you come with me  
And I guarantee you're coming with me
