

# Don't Waste Your Time

## Consequence

I used to take you...  
This is Queens... and you know how we do it  
In this streets I'm a fuck..  
And ain't none sweet like..  
Because just when you thought I quit  
Shit... call me a brand new lick  
That I can't stop my rhyme..  
I refused to get pinched by these crabby kids  
But soon you'll open your eyes the way that .. did  
For all those dummy..  
.. believing what they see in friends  
Probably won't believe until they see the prince,  
And enough evidence to know the same.. ore the present tense.  
Without points they're running out of..  
I guess the mind was right, you're running out of time!

Chorus:

Don't waste your time, pretty lady  
Cause I won't allowed it baby,  
Unless you love me better than I love myself, self, self!  
Don't waste your time, pretty lady,  
Cause I won't allowed it baby,  
Unless you love me better than I love myself, self, self!

Lets' go, now what's the...  
But if you.. bananas... Mississippi life..  
You don't need body scanner, cause what I'm packing..  
Cancel the flight that you had on your daily planner,  
My favorite band gotta be the Stars bangle  
Cause I ain't standing for the fact that you ain't trying to mingle  
..we should be making love from an art angle,  
Put your face in the pillow while you all tangle,  
You need a bodyguard, but not..  
While we light a few cigars ...  
Cause I .. the whole hose..  
And between me and you, I'm not afraid that we've been out!  
... cause you're too old to wipe your hair back and forth!  
And I'm too grown to..  
So before I touch your waist I get the OK!  
OK, son this permission is..  
Who is the best..  
Every time a pretty girl rock,  
They all yell h my Gosh, please don't stop!

Chorus: (X2)

Don't waste your time, pretty lady  
Cause I won't allowed it baby,  
Unless you love me better than I love myself, self, self!  
Don't waste your time, pretty lady,  
Cause I won't allowed it baby,
