

I'll Be Loving You

Consequence

Ooh
Say, say
Ooh
Say, say

You only get one of you in a lifetime
This kinda drama [?] a lifetime
30 years in the game feel like a lifetime
So it's Magic, Larry Byrd and Mike time
See you in public, everything was parochial
But in private, everything was Pinnochio
So every time we lie in bed it felt like a lie instead
[?] fight could change destiny
Every night I prayed you'd stay next to me

Dear lord please send me one more miracle today
'Cause I'm 'bout to lose my lady and I don't
Don't know what to, don't know what to say, but
I'll be loving you (Uh-uh uh, uh)

What can I do? (Let me hear you say)
I'll be loving you (Uh-uh uh, uh)
What can I do? (Let me hear you say)
I'll be loving you (Uh-uh uh, uh)
What can I do? (One more time, yeah)
I'll be loving you
What can I do?
What can I say?
Better get on my knees and pray

Dear lord please send me one more miracle today
'Cause I'm 'bout to lose my lady and I don't
Don't know what to, don't know what to say, but
I'll be loving you

I never thought that being single would get this hard
I never saw none of this on my bingo card
I shoulda took a day off, used some vacation days
I shoulda gave you your own appreciation day
Went from counseling to opposing counsel
How you get the house if I'm the head of household?
So if I had one wish I would spin the clock
I catch a nigga with my bitch, imma spin the block
Funny one fight can change destiny
Every night I prayed you'd stay next to me

Dear lord please send me one more miracle today
'Cause I'm 'bout to lose my lady and I don't
Don't know what to, don't know what to say, but
I'll be loving you (And just as sure as the sun shines)

What can I do? (As sure as the moon will rise)
I'll be loving you (There's nothin' I ain't doin', I)
What can I do? (There's nothin' I ain't [?])
I'll be loving you
What can I do? (Oh)
I'll be loving you (You, baby)

What can I do?
What can I say?
Better get on my knees and pray

Dear lord please send me one more miracle today
'Cause I'm 'bout to lose my lady and I don't
Don't know what to, don't know what to say, but
I'll be loving you

What can I do?
I'll be loving you
What can I do?
I'll be loving you
What can I do?
I'll be loving you
What can I do?
What can I say?
Better get on my knees and pray
