

# I'ma Do Me Regardless

## Consequence

I do what I can do when I can do it  
Cause I'ma Do Me Regardless  
I do what I can do when I can do it  
Yup, cause I'ma do me  
I-I-

I figured out why it's the last season for Simon  
Cause with kinda raps what's your reason for rhyming  
I also understand why Lupe been climbing  
Once I'm at the top of the mountain you know I'll be shining  
So read between the lines if you need a decoder  
I smell like money, you can tell by the aroma  
And even if it kills me like Melanie Fiona  
I'll give you every part of me as if you need a donor  
So why you in that loner frontin' like you A-lister  
The only CL you ever played with was Craig's List  
And me, I'm the king of the entire hood  
A lion wouldn't cheat but I know a tiger would  
And since I'm heating up the same way as firewood  
I can't say I wouldn't do the same thing to Tiger Wood  
Cause when I sit back and listen to my old records  
I see why I had to pay these homewreckers  
But for the record, I learned from number 24  
And that's exactly why I got attorneys for  
Cause I refuse to lose it all to a dirty hoe  
Mad cause my closet got more Italian than Jersey shore

I do what I can do when I can do it  
Cause I'ma Do Me Regardless  
I do what I can do when I can do it  
Yup, cause I'ma do me  
I-I-

If you starving for real Hip-Hop then help has just arrived  
So text the word "Cons" and I will say your favourite lines  
It should be fine how I play with words  
That leave you disoriented like a Asian slur  
So case is adjourned you can let the gavel go  
Cause these niggas so pussy I can see the cameltoe  
I got plans to blow, please listen to my demo  
Cause my MOs to get my spot back like Jay Leno  
Since I've seen the big picture like Jerry's vision  
The life in this world's about cherry picking  
So like snow on the ground when it's barely sticking  
Most dudes don't stay around and they barely tricking  
So that's it, give me at least a Nobel Peace Prize  
Otherwise, I'ma take the "Hell No" Peace prize  
Cause if we at the hotel and [?] got a freak side  
I'm saying hell no to throwing her the peace sign

I do what I can do when I can do it  
Cause I'ma Do Me Regardless  
I do what I can do when I can do it  
Yup, cause I'ma do me  
I-I-
