

# Life Is Short

## Consequence

(Your life is short) That's why I get my drink on  
(Your life is short) And I get my smoke on  
(Your life is short) Well do you need me to go on  
(So I waited, ooh love) And on and on?  
(Life is short) Yeah, I get my drink on  
(Your life is short) And I get my smoke on  
(Your life is short) But that could be where I go wrong  
(To see me through)

Cause I can't keep doin this, doin this, doin this  
I'm too through with this, through with this, through with this  
There's nothin left to do with this, I'm done with the stupid shit  
Cause everyday I'm wakin up just like a little kid  
Feelin like, I was only supposed to smoke a little clip or  
I was only supposed to drink a little bit more  
Excuses to pour, the conclusion I draw  
If I don't clean up my act like [?] (to see me through)  
Then I'm a find out somethin that I didn't know before  
That life is Too \$hort like my name was Todd Shaw  
Hahahaha, check out the bizarre  
It get's more bizarre as I get inside the car  
And I open up my eyes and start to realize  
That I'm in no condition to drive (drive)  
And so I feel like Nick Hogan (to see me through)  
As the walls start to close in

(Your life is short) That's why I get my drink on  
(Your life is short) And I get my smoke on  
(Your life is short) Well do you need me to go on  
(So I waited, ooh love) And on and on?  
(Life is short) Yeah, I get my drink on  
(Your life is short) And I get my smoke on  
(Your life is short) But that could be where I go wrong  
(To see me through)

Cause I can't keep doin this, doin this, doin this  
I'm too through with this, through with this, through with this  
There's nothin left to do with it, it feels like I'm losin it  
That's why I keep askin myself, "what you doin kid?"  
Cause back when Red and Meth had the Month of the Man  
I was takin steps toward becomin' a man  
But you wouldn't catch me without a blunt inside my hand  
And a lot of my friends just couldn't understand (to see me through)  
Cause when they see me lightin up them C-I-garettes  
They would tighten up and would be embarrassed  
And would plea with me, "please, won't you kick that habit?"  
Before you're Dead and Gone like T.I. Harris  
But some of us have addictive personalities  
I'm addicted to flippin verses with analogies  
That sound sicker in your system than an allergy  
So maybe I'll need this to bring the best out of me (to see me through)

(Your life is short) That's why I get my drink on  
(Your life is short) And I get my smoke on  
(Your life is short) Well do you need me to go on  
(So I waited, ooh love) And on and on?  
(Life is short) Yeah, I get my drink on

(Your life is short) And I get my smoke on  
(Your life is short) But that could be where I go wrong  
(To see me through)  
Cause I can't keep doin this, doin this, doin this

(Statik Selektah)  
(To wipe away my sadness)  
Cause I can't keep doin this
