It's like I'm getting paid and paid  
Watch the way I... the throttle and I heat it up

Unleash the deuces that I... right for me to kill him  
They know just what it is when they father step in the building  
These niggas... I think they trying to touch the ceiling  
Turn discipline to children... get it  
And ignore... getting the... like the first game post lock out  
One by one, I've been watching you drop out  
And I'm coming to get a block out,... before I hurt you...

The right to discretion is advised  
Cause things are about to get live  
I tortures the birds and the bees to be wise  
So this time... busta rhymes  
And that's why I made it a... suit  
Cause I prove to the world that the... is the truth  
So this there for me it's like a... moment  
Damn, but ain't candy candy thick as hell  
Man, but one thing I love...  
Fam, when it's dad... got a smile  
It might be poisoned... every rapper...  
Oh, saying... these rappers my juniors...

You listen to the rumors, you would think they played me  
But they my juniors, they my juniors
