

# What Has America Done

## Consequence

What has America done for me?  
Nothing but made me a zombie  
Took away my uncle's life  
Gave me some [?] and some dead white man hanging from it  
Teaching us about Mary had a little lamb  
Mary was white  
The lamb was white  
And what about old Snow White?  
Old mother Hubbard went to the cupboard to give her poor dog a bone  
(Ronny J, please turn me up)

My country, tis of thee, sweet land of Liberty  
Same land where they lynchin' me, for over more then four centuries  
The plantations where they sent for me, plan for me was penitentiaries  
Psychological injuries, but still we rise to be kings and queens  
But what has America done for me, besides take the swag and the sauce?  
What has America done for me, besides make me kiss the ass of my boss?  
What has America done for me? Taught me profit and loss?  
Had me runnin' from the cop on the horse, just so I could cop me the Porsche  
?  
What has America done for me? Showed me Snow White with the Dwarfs?  
In real life, my parents got divorced  
Yeah, my roof's the same as Black Thought's  
See, we had the tracks when they bought beats  
I'm at the blackboard with more to teach  
Behind the backboard with them floor seats  
To 'bout to be the only black with a board seat  
So what has America done for me? Taught me the words to the Spangled Banner?  
But I saw what's the trap when I came to Atlanta  
And what has America done for you?  
The land of opportunities and W's  
Or you catchin' L's and they snubbin' you  
And that's enough reason to see you dragged  
Yet we pledge allegiance to this flag

I lied, she gave the dog a fake  
And gave the bones to Negro's  
Next bone, pig feet's ham, [?] guts  
Made us guts eat heads  
Whiskey consumed heads  
Don't use it  
Uncle Tom niggas  
That's what Americas done for me  
Made me a robot, a Frankenstein, a puppet  
What has America done for me?  
Nothing, but made me a zombie

America was built on the backs of slaves, and those black slaves they back a  
nd graves  
Just without the accolades, or half the pay for the cash they made  
They put they maid on the Aunt Jemima box  
Broke up homes that had a mom and pop  
So ain't no time for diving for a dumbass Sambo  
Mary had a lamb but left her man for a Lambo  
So what has America done for me, made everything black and white?  
Sat me in the bookings for half the night, then put me on parole 'til I'm la  
ckin', right?

And what has America done for me?  
Show me that democracy got a Siamese twin named hypocrisy  
But since I'm a genius like Socrates, I went out and sold people soccer tees  
And at the end of working's a capitalism  
And when you add that to when I rap with a rhythm, of course they're coming  
back with the venom  
So what has America done for me, put the goal line further?  
Accused me of murder? Fed me French fries and burgers?  
Gave me high blood pressure? Took my resource and treasures?  
Raped our women and mommies? Made us dope fiends and zombies?  
Who say the gon' clean up, but just can't shake off the lean cup  
And what has America done for you?  
The land of opportunity and W's
