

# When I Woke Up

## Consequence

Ohh, enjoy this evening  
Ohh, just a bad dream, a bad dream  
That bad dream but you got me,  
Ohh just a, just a, just a  
Ohh, just a bad bad  
Just a bad dream, bad bad dream  
But you got the...

I may have some of... through  
When I woke up, you weren't there  
When I woke up, you weren't there (you got me)  
When I woke up, you weren't there  
When I woke up, I may have so much money to do  
You weren't there  
Yea I may have so much money to do

Yeah you walked in the crib, smelling like soap,  
That's a better all turning and it's smelling like smoke  
Looked her in lust, the last time the neighbors had to listen to us,  
I'm a... in the paddy waggin zippin the cups,  
So anything that we supposed to discuss  
Guess we so blasted and disgusted that I wound  
Taking up with this big busted chick  
Who's the big busted and wanted you to leave  
Cut the must... , but... with situations  
A lot of times, man lose patience  
So much that the last dancers  
We rather lab dances, so forget the last dances  
'cause fat chances that you ever pound out  
I leave a double life, but as she sees me down with my other wife,  
I gave it to you by the time we reach another life,  
As she gonna be the first wanna say I wasn't right  
But even what... night she slipes the...  
The fact I gave another pipe gotta ask her why  
Just a just a nightmare somebody in the band  
Luckily for her she had a sweet dreams/

When I woke up, you weren't there  
When I woke up, you weren't there (you got me)  
When I woke up, you weren't there  
When I woke up, bad dream, you weren't there  
Is just a bad dream

Is got so late that is gonna be a sofa night  
A french bread pizza and the stop is night  
Would ask well I keep her staying over night  
But at least me and my girl we get this all for night  
And we know not the way go disturb you  
Since it's way past the curve view  
Why you would ream it of the buggie man  
I was too steppin of their buggie man  
Ran in the cookie then pound  
... is snooky with the damn thing,  
Beneath the one and then marookies to my man's hands  
Being down their pants, so you know our plans,  
Is to get them to the short stay,  
And forget all the four play,

Let's get to it since it's too late,  
But in the palm ring, man you gotta be my soul mate  
'cause when I picked up,... for hick up,  
Immediately my parents got zipped up,  
'cause you were acting all you  
I just had a bad dream  
At you in the car crash  
And that made my heart beat fast  
So mami lay that back down  
Before you hear them girls with the back round.

When I woke up, you weren't there  
When I woke up, you weren't there (you got me)  
When I woke up, you weren't there  
When I woke up, it was just a bad dream  
You weren't there

I wish, I wish I wish...  
I wish you were here

When I woke up, you weren't there  
When I woke up, you weren't there  
When I woke up, you weren't there (you got me)  
When I woke up, you weren't there  
When I woke up, you weren't there  
You got me, you got me here
