

## It's A Yes

## Consumed By Fire

Got all these questions circling around my head  
I hear Your words are perfect from the preacher man  
And no nothing is impossible  
And Your love's gonna cover it all

Desperation's creeping trying to steal my light  
But the hope I'm keeping's keeping me alive  
Yeah, it all comes down to faith  
So, that's where I'm gonna stay

If it's a yes in Heaven  
It's a yes on earth  
I'll never second guess  
I'll take You at Your word  
It's a yes  
It's a yes

You ask me if I'll follow  
Will I go where You go?  
Forever and tomorrow  
I never will say no  
It's a yes  
It's a yes

Don't wanna twist Your truth or buy into a lie  
Let me be living proof  
By the way I live my life  
With no hesitation  
No doubts inside  
Just Your revelation  
Flooding my mind

You've opened my eyes  
You've opened my eyes

If it's a yes in Heaven  
It's a yes on earth  
I'll never second guess  
I'll take You at Your word  
It's a yes  
It's a yes

You ask me if I'll follow  
Will I go where You go?  
Forever and tomorrow  
I never will say no  
It's a yes  
It's a yes

It's Your word  
It's Your will  
I believe what You've said  
All of Your promises  
I believe it's a yes

If it's Your word  
It's Your will

I believe what You've said  
All of Your promises  
I believe it's a yes  
I believe it's a yes  
I believe it's a yes

If it's a yes in Heaven  
It's a yes on earth  
I'll never second guess  
I'll take You at Your word  
It's a yes  
It's a yes

You ask me if I'll follow  
Will I go where You go?  
Forever and tomorrow  
I never will say no  
It's a yes  
It's a yes  
It's a yes  
It's a yes

You ask me if I'll follow  
Will I go where you go?  
It's a yes  
It's a yes
