

## No Light Escapes

Converge

Don't let go  
Don't leave me  
Don't let go  
Don't leave me  
As I cried for you  
Her lips were calling to you  
Don't let go  
Don't leave me  
Don't let go  
Don't leave me  
As I reached for you  
Cold hands were embracing you  
Death can touch what we love  
Death will touch what we love  
Don't let go
