

## God is Delusion

Convulse

God is made to rule your world  
Christ is imagination  
Morbid suffer and damnation  
Ushers you burn in hell  
Minsters made from blood and pain  
To praise his impurity

Why won't you seek the truth  
And just open your eyes (x2)

God is delusion, religion is his whore  
Killing in the name of the God  
(Sinners) will be blasted to dead

Conquer the world with God's sword  
Kneel down before the pain  
We steal your God and culture  
It's just human nature!
