

## Corners

### Conway the Machine

- Think about turf, man, it ain't like it was, I mean, you ain't gotta pay no price to buy no corners
- Since when do we, buy corners? We take corners
- Man, you gon' buy one way or another, whether it's with the bodies we done lost, or you're gonna lose, time in the joint, is behind us or ahead of us, I mean, hehe, you gon' get some shit in this game, it ain't shit for free
- Uhuh
- I mean, how many corners do we need? How much money can a nigga make?
- More than a nigga can spend
- And then we ain't gon' be around to spend what we done made already
- Shit, I ain't think I was gonna be around for this long
