I'ma give you somethin' to talk about, they even talked about Jesus

I'ma give you somethin' to talk about, they even talked about Jesus

Didn't nobody believe us, didn't nobody believe us
They even talked about Jesus (Yeah)

They ain't believe in me, but I believed in myself
Give it up to God that my mom is at peace and good health
Only thing I'm focused on now is increasin' my wealth
When you die, what you gon' leave your kids, some sneakers and belts?

I, I show you wylin' like Marcellus, you speak for yourself
Had some convos with Kanye I'ma keep to myself
Some friends said my dreams is too lofty, I'll reach for myself
Guess that's why they come up short in life, like a Keebler Elf
Yeah, far as the work go, I'm too committed
Even family project they fears on you, it's superstitious
Told 'em exactly what I was 'bout to do and I did it, yeah

I'ma give you somethin' to talk about (Hmm, no), they even talked about Jesus (Oh)

I'ma give you somethin' to talk about (Hmm), they even talked about Jesus (Oh, oh, oh)

Didn't nobody believe us (No), didn't nobody believe us (No, no, no, no, no, no)
They even talked about Jesus

They even talked about Jesus, ain't nobody believe us

Ayy, but look at me, look at me now

You can keep talkin', I'ma keep walkin' (I'ma keep walkin')

You can keep talkin' (You can keep), I'ma keep walkin'

You can keep talkin' (You can keep talkin), I'ma keep walkin'

You can keep talkin' (Oh, oh), I'ma keep walkin' (Oh, oh, oh)

You can keep talkin' (Give you somethin' to talk about)

I'ma keep walkin' (I'ma give you somethin' to talk about)

You can keep talkin' (I'ma give you somethin' to cry)

I'ma keep walkin' (Didn't nobody believe us)

You can keep talkin' (All the pain)

I'ma keep wakin' (Is due to the most high)

You can keep talkin' (He never took his light off of me)

I'ma keep wakin' (Oh, they counted me out, oh, but look at me now)

Ooh, ooh
